I. PURPOSE

The purpose of the uniform policy is to ensure that standards are set that instill pride, dignity, and public confidence through the wearing of the OPD uniform.

II. POLICY

It is the policy of this agency that all personnel will present a professional image to the public. The proper use and wearing of the OPD uniform(s) serves to make our personnel readily identifiable as both authority figures and those who provide aid. The OPD uniform represents our abiding fidelity to public service and will be worn in a manner befitting the professional dignity and pride of the Ogden Police Department. The responsibility for keeping uniforms in good repair and clean condition rests with the individual officer. Officers are provided a substantial clothing allowance that is intended to be used for the purchase, care and upkeep of the uniform.

Uniforms should be dry-cleaned and pressed. If wash-and-wear uniforms are utilized, care should be taken to see that the uniform maintains a professional appearance. Officers will keep an extra, duty-ready, uniform available in case the one being worn becomes soiled during duty activities. Field supervisors will take primary responsibility for the enforcement of uniform standards. Changes or deletions to the uniform policy will be made by the Chief of Police.
