

**Ogden City Corporation  
Request for Bid**

**Microsoft Azure Services**

**Q & A**

---

1. Do we need to give the commercials for the deployment of the Azure VM's and storage accounts also?
  - a. **No, they do not need to be published on the commercial marketplace.**
  
2. Please mention Internet egress bandwidth consumption?
  - a. **There is no need for additional egress bandwidth consumption at this time.**
  
3. Since it's a one year contract would you be interested in going with 1/3 year reserved instances with Microsoft Azure instead of pay as you go to save some money?
  - a. **This RFB is for a 1-year contract, with (2) one-year extensions. Please provide quote for that model.**
  
4. 128 static IP addresses need to be public or private? If public, then do you need Basic (ARM) or Standard ARM?
  - a. **Public IP's, Basic w/ARM Deployment type.**
  
5. Could you please let me know if you require any on-site service or installation and configuration?
  - a. **There is no requirement for any on-site service or installation and configuration related to this bid.**
