### **ANNUAL TSA MANDATORY 100% OGD BADGE AUDIT, APRIL 30TH UPDATE**

While the results are encouraging as compared to 48 hours ago, at this time (3pm) only the green badges (hangar owners) and the SIDA badges are at or above 95%.

Unfortunately, this may mean that unless something positive happens today (up to midnight) we may be required to reissue all other colored badges.

The list of those who have not either mailed back their badges or used them in the past 30 days is just below the graph. If you know them, please reach out to get them to come into the airport to use their badge or get it postmarked in the mail before midnight tonight. Remember that in the vestibule to the terminal building there is a test badge reader that every badge has access to. You can use this to badge and PIN. If the blue light above the card reader flashes, you have successfully completed the audit.
