Arista Networking Equipment
Q & A

Q - Is the solution a hardware implementation entirely? Or is there a need for Cloud solutions?

A - Mostly hardware, the only cloud piece we need is Arista's CloudVision portal. No Cloud based Networking needed at this time. For pricing purposes, please provide the proposed discount off MSRP for the below items. 1Gbps copper is sufficient. Note that the entire purchase during the contract term may not be limited to these items.

DCS-7020SR-24C2-R
CCS-720XP-24ZY4-2F
DCS-7280SR3-48YC8-R
CCS-710P-12
CCS-720XP-24ZY4-2F
CCS-720XP-96ZC2-2F
CCS-720XP-48ZC2-2F
DCS-7280SR3-48YC8-R
DCS-7050CX3-32S-R

Q - End User requirement: Will the end user be an external client/user (.GOV or .COM)? Or would the client be an internal customer (employee, staff)?

A – Internal.
