## **SHORT NOTICE OF A CHANGE IN SCHEDULE FOR THE DRONE MAPPING**

### **AIRPORT CLOSURE**

Several weeks ago, I sent out notice of this impending Airport Closure, but the UAS aerial mapping company, Silent Falcon, made a last minute change and they are needing to do it tomorrow. The closure would occur at 0630 hours tomorrow morning through about 1330 hours. The lead drone pilot and coordinator will be in around 1500 hours this afternoon to go over the plan. If you have a specific conflict that this closure will cause, please send me an email as soon as possible and I will see how we can accomodate you.

Thanks for listening and supporting the Ogden Regional Airport.
